

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from the Northern Mariana Islands (Mr. SABLAN) come forward and lead the House in the Pledge of Allegiance.

Mr. SABLAN led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

SUPREME COURT OBAMACARE

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, today, the Supreme Court began its deliberations on the Patient Protection and Affordable Care Act. Clearly, with 3 days of deliberations, this is the most important case the Court has considered in decades.

I had the pleasure of being able to attend this morning's deliberations considering whether the Court should rule immediately or wait until the penalties are assessed a few years from now. Tomorrow, they will consider the heart of the matter, whether the Constitution allows the government to compel individuals to purchase health insurance—the so-called “individual mandate.”

At this time, it is critical to remember that the Supreme Court is not the only body charged with protecting and defending the United States Constitution. This Congress, we've been working to restore rights to the American people. We have passed legislation to fully repeal this law, to eliminate many of its harmful provisions, and to defund irresponsible spending.

No matter how the Court rules, we must continue the fight to restore our constitutional liberties.

HONORING 40TH ANNIVERSARY OF
MARIANAS VARIETY

(Mr. SABLAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SABLAN. Mr. Speaker, 40 years ago, on March 16, 1972, a young couple in the Northern Mariana Islands, Abed E. Younis and Maria Paz Castro Younis, wrote, edited, printed, and distributed the very first issue of the Marianas Variety News & Views, now the oldest local newspaper on our islands.

The Variety provides its readers with extensive local news and views. It also carries reports of the region, the United States, the world, as well as interesting and in-depth feature stories and a thought-provoking opinion section.

These days, the community served by the Variety has expanded beyond the shores of the Northern Marianas. The paper is published and circulated lo-

cally, regionally, nationally, internationally, and online. For its journalistic excellence, the Variety is the winner of numerous awards.

The Variety is also a strong community partner, contributing to numerous nonprofit organizations, events and activities, and encouraging those interested in the business and craft of journalism and publishing.

Please join me in congratulating Abed and Paz Younis, their family, and all of their past and current employees and colleagues at the Marianas Variety News & Views for the newspaper's 40 years of service to our community.

OBAMACARE DESTROYS JOBS

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, today marks an extremely important day in our Nation's history. The Supreme Court is scheduled to begin hearing oral arguments on the constitutionality of the President's government health care takeover legislation that was forced upon the American people by the President and his liberal allies, in a liberal-controlled Congress, by deals and kickbacks.

Several weeks ago, the Congressional Budget Office released a report that ObamaCare will destroy almost 1 million jobs from our current workforce. According to a recent Gallup poll, 85 percent of small business owners are not hiring due to the government regulations and rising health care costs imposed by the Big Government mandate restricting freedom. America's largest association of small businesses, the National Federation of Independent Business, estimates 1.6 million jobs will be eliminated.

House Republicans have voted to repeal ObamaCare 26 times. With a record unemployment rate of over 8 percent for the last 3 years, it is necessary for the President and Congress to enact laws providing for job creation through private sector growth rather than supporting legislation that destroys jobs.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

CONGRATULATING JAMES
CAMERON

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, filmmaker James Cameron is known for captivating us with his great films like “Avatar,” “Aliens,” “The Abyss,” and “Titanic.” But yesterday, he really fascinated and captivated the world. He went down 36,000 feet under the sea to the lowest, deepest part of the world in a ship that he designed over the last 7 years privately—a 24-foot capsule—that took him down to visit and learn about the deep recesses of the sea.

Eighty percent of the world's biosphere is under the sea. We know less about that than we know about the Moon's surface. James Cameron, with the help of National Geographic and Rolex as a sponsor, and his friend, Mr. Allen, took that voyage and showed what man can do when he has curiosity and bravery. His activities that took a 6-hour trip to the bottom of the sea remind me of Charles Lindbergh, an individual who conquered new territories and opened up new vistas.

Before that, nobody had been that deep since 1960. They were there for 20 minutes, and they didn't see much. He was there for 6 hours. He's going to bring back a lot of information about the sea and about sea life. I thank him for his work. I congratulate him. The fulfillment of his dream sparks the imagination of the world and challenges us to explore our own creativity and ingenuity.

I thank Mr. Cameron for his courage, his imagination, and his daring.

COMMENDING PRESIDENT
OBAMA'S COMMITMENT TO
AMERICA'S AUTO INDUSTRY

(Mr. FALCOMA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FALCOMA. Mr. Speaker, 3 years ago, the American auto industry was on the verge of collapse, and millions of American jobs were in jeopardy.

When President Obama decided to rescue the American auto industry, many critics opposed him. But, today, the auto industry is resurging thanks to the tough decisions our President made in times of economic crisis.

President Obama stood by the American business community and our auto industry. As a result of his firm commitment and demonstration of leadership, jobs were saved. Some 1.4 million jobs were going to be lost up and down the supply chain of the auto industry if President Obama had not taken action to provide for the needs of millions of American families at a time of such great economic insecurity in our Nation. And now it's paying off. The auto industry has added more than 200,000 jobs in the last 2½ years.

Last but not least, General Motors Company is once again the world's top auto manufacturer. In 2011, profits were \$7.6 billion, its largest ever.

Mr. Speaker, I commend President Obama for the bold decisions he made to rescue our Nation's auto industry, and I thank him for standing with our country's workers and for leading our Nation out of the most serious economic recession since the Great Depression of 1929.

MESSAGES FROM THE PRESIDENT

Messages in writing from the President of the United States were communicated to the House by Mr. Pate, one of his secretaries.
